Position: Good Thymes Camp Assistant Director
Commitment: Part-time temporary; summer 2015
Hours: 7:45 AM – 4:15 PM (8.5 hours per day) for scheduled camp days with an additional 35 hours allowed for planning. Not to exceed 175 hours.

2015 Sessions: June 22-26, July 20-24, August 17-21
Audience: 24-30 Ennis area students entering grades 1-6 during the Fall 2015 school year.
Location: School Garden, Greenhouse, and outdoor locations around Ennis, as well as 3 field trips.
Wage: $12 per hour. No additional benefits included.
Response materials: Resume, 3 references, and letter of interest provided as a single PDF to sunni@madisoncd.org
Deadline: 5 PM MST, Wednesday, April 1st, 2015

The goal of the Good Thymes Camp is to provide positive outdoor and resource learning opportunities and experiences for youth in the Madison Valley. The camp will incorporate lessons, activities, and adventures, based on the themes of the natural world and concepts critical to the Madison Valley. The camp will focus on a basic concept; introducing and linking the important role of sustainable agriculture, food systems and the natural resources of our landscape here in the Madison Valley. The themes to be included are: Soil, Plants, Agriculture, Insects, Water, and Habitat.

The ideal candidate for assistant director will be enthusiastic about natural resources and gardening education and experienced in providing educational presentations to youth. The candidate will be self motivated, work well with minimal supervision, and work effectively under the Camp Director.

General Responsibilities
• Work with director to develop and execute daily activities and curriculum for students
• Work with director to coordinate transportation and site logistics for daily activities
• Drive students to and from lesson areas in a safe and lawful manner
• Provide for the safety and well being of the students at all times
• Provide for needed water, snacks, and rest of students
• Work with director in acquisition of supplies
• Provide guidance to volunteer assistants.
• Communicate with landowners, field trip locations, and parents on scheduling and logistics details

Program Responsibilities
• Assist in the instruction of science based curriculum and activities for 15 class days.
• Assist Art director in weekly group art project (3 total)
• Implement recreational/rest activities
• Bring in volunteers with specific skills for any of the above

Required Experience
• Degree in education with experience teaching theme concepts in outdoor classrooms, AND/OR Experience developing, overseeing or performing tasks for similar program
• First aid/CPR certification
• Familiarity of Madison Valley agriculture and natural resource topics
